

SECURITAY LIMITED

Quality Policy

Securitay have elected to operate a formal quality management and control system that complies with the requirements of **BS7499 Static Guarding & Mobile Patrol Services**, **BS7858 Security Screening of Individuals Employed in the Security Industry** in regard to the Uniform Division, and **BS7984 Key Holding & Emergency Response Services**, for Key Holding and Response services.

In addition **Secur**itay have elected to gain accreditation with, Achilles and Safe Contractor The Management system is audited annually by the Security Industry Authority, Achilles and Safe Contractor.

These accreditations further our commitment to Health and Safety and Quality of Service Delivery helping to maintain existing business and enable the company to take advantage of new opportunities.

This system applies to all aspects of the operation from receipt of an enquiry through survey, composition of specification, procurement, and agreed support service thereafter on-going reviews both internally and with the customer, thereby addressing both customer needs and expectations.

Consequently all management and staff are involved, committed and participate to this concept wherever possible. The company is fully committed to continual improvement of standards in with regards to quality and service delivery.

This policy is fundamental to all work undertaken and practiced daily in all activities, wherever the “work environment” may be and the required training is provided to all staff.
